## **AGENCY DISCUSSION AND ANALYSIS**

The South Carolina State Housing Finance and Development Authority (SC Housing) creates quality affordable housing opportunities through a broad range of programs and initiatives in order to keep pace with the changing housing needs and conditions of individuals, families and communities in our state. Our vision is that all South Carolinians have the opportunity to live in safe, decent and affordable housing. We do this through financing of multifamily housing tax credit projects that provide quality rental homes, competitive market-based financial products for homeownership, comprehensive home repair programs, supportive housing programs for vulnerable residents and compliance monitoring of properties to keep housing affordable and living conditions safe and habitable over time. Our strong public-private partnerships help us achieve affordable housing solutions that make the best use of available resources to assist the communities we serve.

Our funding base and financial infrastructure includes Mortgage Revenue Bonds, federal grants, state deed tax allocations, fees and other revenue earned through the administration of our various housing programs. Over the years, SC Housing has successfully maintained its Aaa rating from Moody on its Mortgage Revenue Bond indenture.

SC Housing’s programs are currently administered through four core areas: Homeownership, Development, Rental Assistance and Compliance and Emergency Housing Assistance. We also operate similar to a bank in servicing home loans for our homebuyers. Support functions include Communications and Outreach, Internal Audit and Compliance, Finance, Human Resources, Information Technology, Legal and Procurement. Following is a summary of the agency’s activities in its core program areas.

### **HOMEOWNERSHIP**

SC Housing provides funds through participating private mortgage lenders to assist low- and moderate-income homebuyers with what is often the purchase of their first home. This is primarily done by offering low-interest, fixed-rate, 30-year mortgages that include down payment assistance (DPA), reducing the amount of savings necessary to make homeownership affordable. The DPA is generally forgivable after either 10 or 15 years of living in the home, depending on the program.

The SC Homebuyer Program is financed by tax-exempt mortgage revenue bonds, which SC Housing issues under federal law to attract lower-cost capital. The mortgage loans may be insured by the Federal Housing Administration (FHA), guaranteed by the Veterans Administration (VA), the U.S. Department of Agriculture (USDA) or Qualified Private Mortgage Insurance companies, as is the case for conventional loans. Also, on a seasonal basis, SC Housing offers the Palmetto Heroes program, which offers a lower interest rate for teachers, first responders and veterans.

In 2018, SC Housing began a program to finance mortgage loans through the sale of mortgage backed securities in the “to be announced” market. This program provides alternative financing for the purchase of mortgage loans. The Palmetto Home Advantage (PHA) program is self-funded by the agency via mortgage backed securities transactions, which removes some of the restrictions that govern traditional SC Housing lending. Homebuyers may borrow up to 97 percent of the home’s value

<b>AGENCY CODE:</b>	<b>L320</b>	<b>SECTION:</b>	<b>042</b>

and can remove their private mortgage insurance payments (on conventional loans) once the homeowner has 20 percent equity. SC Housing’s single-family mortgage programs serve all 46 counties in South Carolina.

In FY 2023, SC Housing’s homeownership programs helped **1,409 households** buy a home, totaling approximately **\$278.8** in loan volume. Despite rising interest rates, SC Housing’s Homeownership numbers continue to grow, with record setting lending in contrast to current market trends.

## **DEVELOPMENT**

The Development Division oversees a number of programs that support the construction, financing, rehabilitation and repair of housing for low-income households across South Carolina. These programs generally serve families whose household income is at or below 80 percent of the area median income (AMI), depending upon each program’s specific income requirements as stated below. Each year, the United States Department of Housing and Urban Development (HUD) issues the income and rent limits for each state. They are used to determine eligibility for various housing programs. The limits vary depending upon where you live in the state and the number of people in your household.

**The Low-income Housing Tax Credit (LIHTC)** program is a federal program that helps build or preserve thousands of units in South Carolina every year. Credits are made available in two ways: the “9 percent” credit, which is awarded on a competitive basis once per year and is designed to cover about 70 percent of project costs, and the “4 percent” credit, which paired with Tax Exempt Bond financing is designed to cover 30 percent of project costs and typically requires additional funding to cover the remainder, such as the State Housing tax credit. The process of allocating federal tax credits is governed by Section 42 of the Internal Revenue Code, which requires each state to establish its own policies for allocating the tax credits in a Qualified Allocation Plan (QAP), which outlines how LIHTC applications will be evaluated.

Real estate developers submit applications to SC Housing to apply for LIHTC tax credits. If approved for an award, they receive a ten-year stream of tax credits once the new construction or rehabilitation is completed and tenant applications are accepted. Because the funds are needed up front for the construction process, these credits are sold to investors through a process known as syndication, swapping future tax credits for present equity. From there, the developer uses those funds to complete the planned work, which can take up to 18-24 months before the development is placed in service and available for prospective residents to move-in. Post-COVID-19 pandemic, we are seeing this timeline extended somewhat due to supply chain issues in the building industry.

**The South Carolina State Housing Tax Credit** was created by the Workforce and Senior Affordable Housing Act, which was signed by the Governor on May 14, 2020, as Act 202. Developers who are applying for federal housing tax credits through the LIHTC program can also request state tax credits to support their eligible projects.

The act also establishes a state review process for awarding available state tax credits under the oversight of the Joint Bond Review Committee of the South Carolina State Legislature. This process is inclusive of all other entities in the state that are requesting state housing tax credits through local

<b>AGENCY NAME:</b>	<b>SC State Housing Finance and Development Authority</b>

public housing authorities, county government, etc. The State Fiscal Accountability Authority (SFAA) takes the lead in evaluating SC Housing’s recommended housing tax credit projects to ensure compliance with statutory requirements for Tax Exempt Bond financing.

In FY 2023, the South Carolina State Legislature passed **S739**, a joint resolution that provides one-time, supplemental funding not to exceed \$29.8 million along with \$25 million from South Carolina Housing Trust Fund (SCHTF) for certain multifamily housing projects impacted by the recent COVID-19 pandemic. The one-time financial support pooled the following funding sources, and is subject to requirements and maximum amounts specified in the legislation: available state housing tax credits; available federal housing tax credits; and one-time, non-recurring funds from the SCHTF. The joint resolution, which was signed by the Governor on May 19, 2023, provides a path forward for projects experiencing increased costs due to construction and other market factors associated with the recent COVID-19 pandemic.

As required by the new law, SC Housing submitted an allocation plan for the remaining state housing tax credits, South Carolina Housing Trust Fund and 9% federal housing tax credits to the legislature. The plan, along with any proposed allocations, is subject to review and approval by the Joint Bond Review Committee (JBRC). Eligible projects include those that provided justification for costs in excess of original estimates to SC Housing by March 31, 2023.

SC Housing has paused the 2023 application round for the 9% federal housing tax credit, pending approval of allocations by the JBRC. Therefore, the agency will not have a 9% application round for federal tax credits for 2023, but anticipates being able to host an earlier than usual round for 2024.

While the 2023 application round has been paused, awards have been finalized for 2022 projects. Overall, **13 developments** that include **726 rental homes** were funded. These properties are slated to open no later than 2025. Additionally, SC Housing’s Board of Commissioners authorized the issuance of tax-exempt bonds for **197 rental homes** in FY 2023 that will receive 4 percent LIHTCs upon completion.

**The Small Rental Development Program (SRDP)** allows the agency to fund a wider array of rental housing by combining state and federal funding sources to provide a flexible source of financing for smaller rental properties. The funding sources that support the SRDP include the South Carolina Housing Trust Fund (SCHTF), the National Housing Trust Fund (NHTF), and the HOME Investment Partnerships Program (HOME).

Funding announcements for the 2023 round will be forthcoming in the near future. Ultimately, after the applications were evaluated, **two** projects received SRDP awards last fall in the 2022 round. These properties will create **23** new homes for low-income renters once complete.

**The South Carolina Housing Trust Fund** receives its funding from the documentary stamp tax on property transactions, which is twenty cents per \$500 on real estate sold. Its purpose is to assist low-income households throughout the state by providing financial assistance for the development, rehabilitation and preservation of safe, decent, sanitary and affordable housing, often leveraging outside dollars to support these efforts. The program serves all 46 counties in South Carolina. The Housing Trust Fund does not award funding directly to individuals. Instead, the program is

<b>AGENCY NAME:</b>	<b>SC State Housing Finance and Development Authority</b>		
<b>AGENCY CODE:</b>	<b>L320</b>	<b>SECTION:</b>	<b>042</b>

administered through a network of non-profit and governmental entities that provide home repair to eligible low-income homeowners to correct life, health and safety issues, including the repair or replacement of major systems in the home, accessibility for persons with disabilities and supportive housing services. The program is comprised of two major areas:

- **Home Repair Programs** finance the rehabilitation and reconstruction of existing homes. The Home Repair Program was redesigned in FY 2023 to take a more holistic approach to address all life and safety concerns affecting the condition of the home. It has transformed into a comprehensive program that covers interior and exterior repairs, including lead-based paint, asbestos and mold removal and remediation based upon applicable federal and state regulations. There are 28 non-profits that are approved Home Repair Program participants. Additional Home Repair assistance is provided through a partnership with the South Carolina Office of Resilience, administrator of HUD’s Community Development Block Grant (CDBG) Disaster Recovery funds. These Home Repair funds were utilized to leverage federal financial assistance to repair and reconstruct homes damaged by Hurricane Florence in 2018. SC Housing served **273** households through these two Home Repair activities in FY 2023.
- **The Supportive Housing Program** funds new construction, acquisition and acquisition/rehabilitation of rental housing. It includes access to supportive services for special needs populations, such as people with disabilities and those experiencing homelessness. In FY 2023, **five** Supportive Housing applications requesting approximately \$3.6 million dollars to produce **24 units** of affordable supportive housing rental units were received. One of those applications, the new construction of an 8-unit townhouse development was approved by the board of commissioners for \$2,098,317 in funding in FY 2024, and the other four are expected to be recommended to the board for approval in the near future.

**The National Housing Trust Fund** is a federal resource that the agency began receiving in 2016 to exclusively serve extremely low-income households (no more than 30 percent of AMI) that are in the most need. This restriction essentially requires NHTF to be combined with other financial sources to make rental developments financially viable.

**HOME Investment Partnerships Program** provides formula grants to states, counties and cities for expanding the supply of affordable housing for low-income households. Funds can be used to address a broad range of activities such as rental housing development and homeownership opportunities. Both NHTF and HOME are administered by the U.S. Department of Housing and Urban Development (HUD).

## **RENTAL ASSISTANCE & COMPLIANCE**

SC Housing’s Rental Assistance and Compliance Division has three primary areas of responsibilities: Program Compliance, Housing Choice Voucher (HCV) and Contract Administration.

**Program Compliance** is responsible for monitoring Low-income Housing Tax Credit, Tax-Exempt Bond (TEB), HOME and Housing Trust Fund properties for compliance with the requirements of

<b>AGENCY NAME:</b>	<b>SC State Housing Finance and Development Authority</b>		
<b>AGENCY CODE:</b>	<b>L320</b>	<b>SECTION:</b>	<b>042</b>

Internal Revenue Code (IRC) and U.S. Department of Housing and Urban Development regulations. In FY 2022, Program Compliance oversaw **36,490** rental homes within 45 of 46 counties. Compliance staff conducted a total of **547** physical and or/file reviews covering **15,462** rent restricted units. They also conducted a total of **129** health and safety re-inspections on HOME projects that were reviewed in 2022.

**The Housing Choice Voucher Program** operates in seven counties that do not have a local participating public housing authority: Clarendon, Colleton, Dorchester, Fairfield, Kershaw, Lee and Lexington. This is a federal program operated by the Department of Housing and Urban Development that provides rental assistance to eligible households, covering the gap between the rent charged and 30 percent of their income, ensuring that the tenant does not experience housing cost burden. In FY 2023, there were **2,264 families and individuals** assisted, utilizing \$12.7 million in HUD funds administered by SC Housing. In January 2023, SC Housing opened its waiting list to new applications in Clarendon, Colleton, Fairfield, Kershaw and Lee counties. Dorchester and Lexington counties opened its waiting list for disability and/or veteran preference only.

Major achievements of HCV in FY 2023 were receiving a high performer rating for the twenty-first consecutive year, exceeding HUD’s 95% family record reporting requirement with an average score of 100%, and exceeding the Authority’s goal of 90% landlord and participant satisfaction for the eighteenth consecutive year with an average combined rating of 97.5%.

**Contract Administration** monitors a portfolio of hundreds of Section 8 rental properties across the state on behalf of HUD through the Project-Based Contract Administration (PBCA) program. HUD provides SC Housing with funds to review and approve monthly Housing Assistance Payments, conduct Management and Occupancy Reviews to ensure compliance with federal law, serve as an ombudsman for tenant concerns, oversee subsidy contracts with property owners and support the Section 8 program as a whole in South Carolina.

PBCA staff met or exceeded a number of performance metrics in FY 2023:

- Conducted **105** Management and Occupancy Reviews;
- Effectively addressed **428** tenant complaints and assisted **2,165 families**;
- Completed **234** rental adjustments within 30 days and 9 contract renewals within 60 days;
- Reviewed, verified and processed **266** vouchers on the first business day of every month;
- Processed and approved **489** Special Claims from property managers within 30 days.

Overall, there are **266 rental developments** in South Carolina’s PBCA portfolio, which covers 45 of 46 counties statewide. In FY 2023, SC Housing dispersed **\$155 million** in rental assistance payments on behalf of HUD, ensuring that tenants pay no more than 30 percent of their income on rent and utilities.

## EMERGENCY HOUSING ASSISTANCE PROGRAMS

The agency contracted with a state-approved vendor (Guidehouse) to administer two emergency housing programs funded by the U.S. Treasury Department—SC Stay Plus (ERAP) and SC Homeowner Rescue (SCHRP) to address the urgent housing needs of South Carolinians who were at risk of losing their home due to a COVID-19 pandemic-related hardship. Many families got behind on their rent, mortgage and utilities and could not regain their footing even after businesses reopened, their working hours returned to normal or they found new employment. Still others experienced lingering health or medical issues.

**SC Stay Plus** provided short-term relief to eligible renters experiencing financial hardships due to the COVID-19 pandemic who lived in 39 SC counties where SC Housing was authorized to administer these funds.

The remaining seven eligible counties (Anderson, Berkeley, Charleston, Greenville, Horry, Richland and Spartanburg) received their own direct allocation from Treasury, leaving \$335 million for direct assistance by the state-operated program. SC Stay Plus has provided approximately **82,700** South Carolinians with **\$335 million** in rental and utility assistance. The program is currently in the wind down/close out status with funds to be fully expended by calendar year end 2023.

**SC Homeowner Rescue** is the companion financial assistance program for homeowners impacted by a COVID-19 pandemic-related hardship. The U.S. Treasury Department awarded the state \$144 million to operate a Homeowner Assistance Fund (HAF). Income-eligible households statewide, whose income did not exceed the national average of \$90,000 or 150 percent of their area median income (AMI), could apply for assistance to address their delinquent mortgages (at least 30 days), property taxes, utilities and homeowner association fees. Housing counseling and legal services were also made available through contracts with local organizations throughout the state.

The SC Homeowner Rescue Program has provided approximately **14,600 homeowners** with more than **\$116 million** in mortgage, utility and other eligible assistance. In May 2023, the program adjusted qualification criteria to allow homeowners to apply for a second round of assistance 6 months after their initial assistance payment, if circumstances warranted, and expanded the eligible months of assistance from 36 to 48. SCHRP is currently in wind down/close out status with funds expected to be fully expended by calendar year end 2023.

## OTHER MAJOR ACCOMPLISHMENTS

Other major accomplishments of the agency during this period include:

- Received state allocation of \$26.7 million dollars to implement the HOME Investment Partnerships American Rescue Plan Program (HOME-ARP). The program will provide homeless assistance and supportive services to a broad range of vulnerable persons who are homeless or at-risk of being homeless under the McKinney-Vento Act, including those fleeing domestic violence, dating violence, sexual assault, stalking or human trafficking and veteran households.

<b>AGENCY NAME:</b>	<b>SC State Housing Finance and Development Authority</b>		
<b>AGENCY CODE:</b>	<b>L320</b>	<b>SECTION:</b>	<b>042</b>

- SC Homeowner Rescue Program outreach video was featured on the U.S. Treasury website as a promising practice;
- 2022 Recipient of Notable Documents Award from the South Carolina State Library for the FY 2021 Annual Report;
- In partnership with the University of South Carolina’s Darla Moore School of Business, completed the Palmetto State Housing Study, a comprehensive statewide housing needs assessment commissioned by the SC State Legislature under budget proviso 42.6;
- SC Stay Plus After-Action Report, prepared for the SC Public Service Commission in collaboration with utility company partners, to showcase promising practices and lessons learned from community outreach in rural/underserved areas in the state;
- \$4 million-dollar award to the SC Office of Resilience (SCOR) from the South Carolina Housing Trust Fund to assist with housing disaster recovery for 267 affected families; and
- Record Palmetto Heroes campaign resulting in \$30 million in loan reservations, even with interest rates on the rise.

## **RISK ASSESSMENT AND MITIGATION STRATEGY**

The Internal Audit function is chartered by the SC Housing Board of Commissioners and has direct functional reporting to the Executive Director and the Board of Commissioners. The position provides an independent and objective assurance that SC Housing’s governance, risk management and internal controls are performing at optimum levels, and does so by bringing a systematic and disciplined approach to evaluating and improving the effectiveness of the organization. Key activities include:

- Designed and implemented an agency-wide Control Self-Assessment model (CSA) for risk management that included all levels of agency leadership. The process included an introductory training on the CSA model, risk surveys, risk mapping and risk mitigation action plans for mitigating and lowering potential risks to the agency.
- Established and prioritized agency-based risks based on the results of the Control Risk Assessment in order to build the annual agency audit plan. All external audits and reviews, along with internal audits, reviews and Quality Control audits, were utilized to construct an overlapping risk mitigation strategy for the agency. This will serve as the foundation for the agency’s Enterprise Risk Management (ERM) framework.
- Provided Fraud, Conflict of Interest and Ethics training, in coordination with Human Resources and General Counsel, to all agency staff. Managed the employee conflict of interest program and an anonymous confidential reporting hotline for employees to submit concerns from fraud, ethical violations, improper conduct and a host of other areas, including reporting to the State Inspector General requirements.

<b>AGENCY NAME:</b>	<b>SC State Housing Finance and Development Authority</b>		
<b>AGENCY CODE:</b>	<b>L320</b>	<b>SECTION:</b>	<b>042</b>

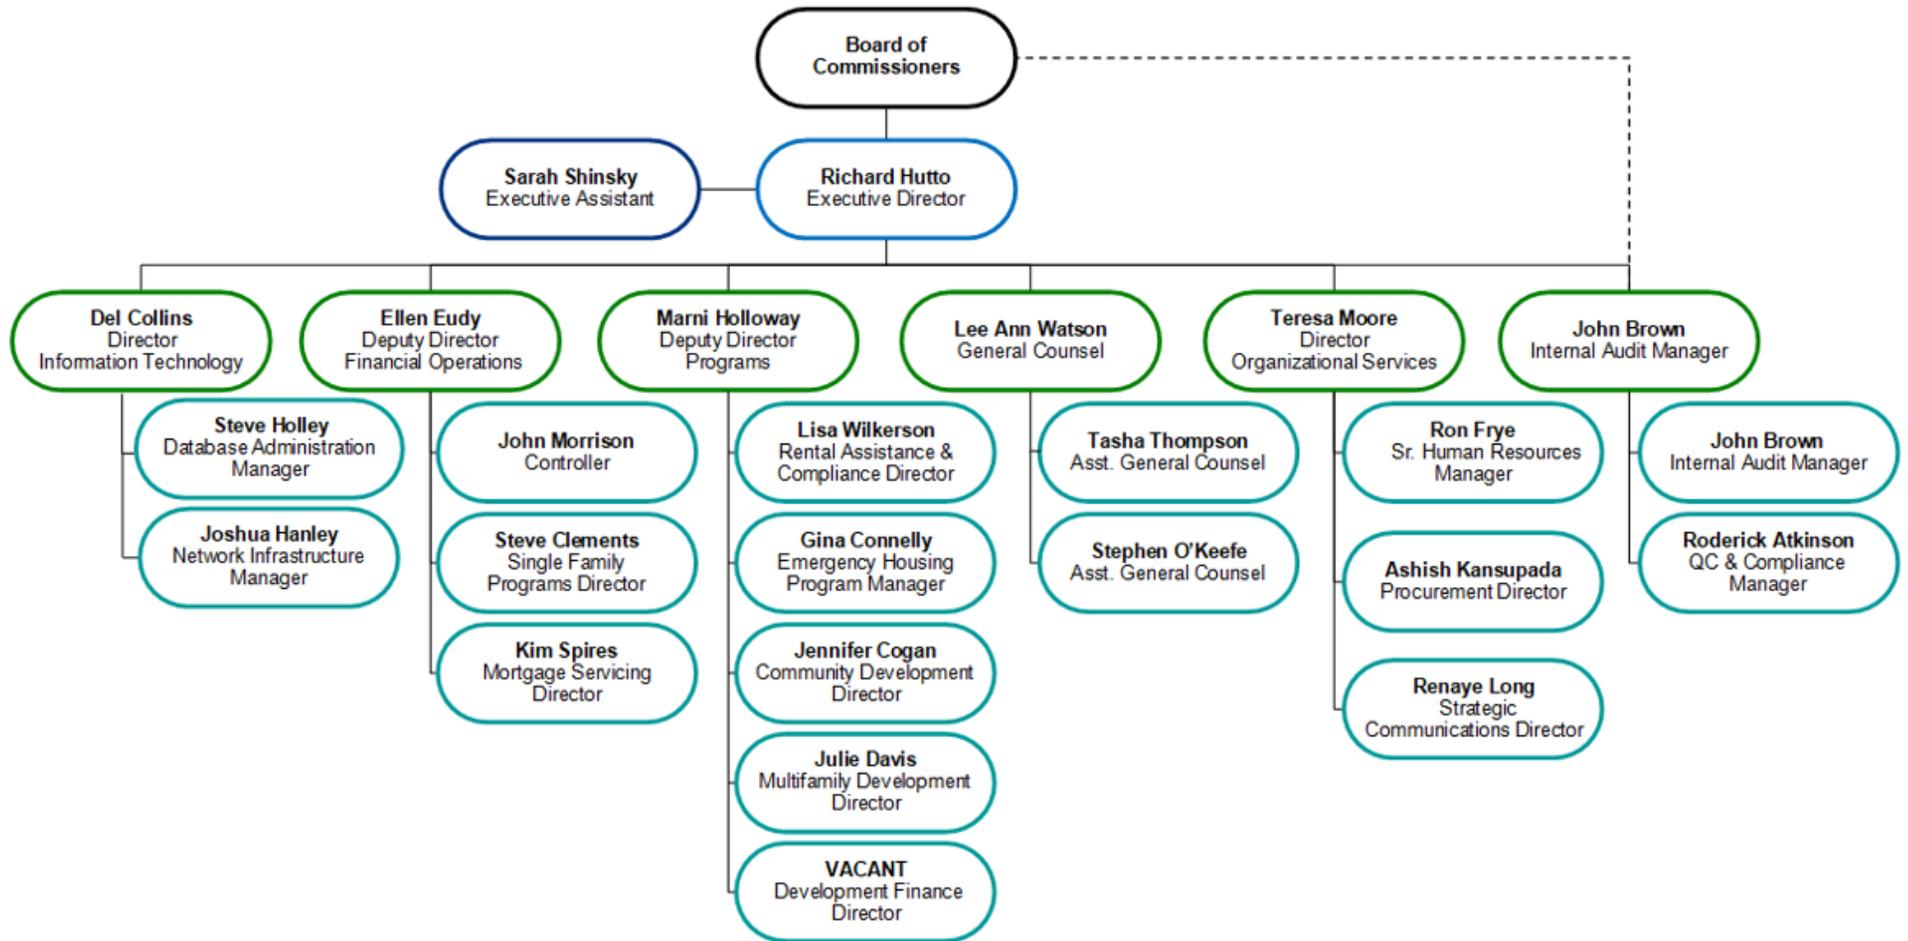

- Coordinated the Quality Assurance (QA) testing for various business areas including Mortgage Production, Development and Mortgage Servicing. Completed over **500** QA case reviews which reduced identified risk levels for acquiring new loans, staying compliant with HUD guidance for servicing mortgage loans and integrating an independent review resource in the Development area.
- Provided Audit Assurance reviews on federally-funded programs and contracts that the agency administers for the testing of compliance and controls. Works closely with external auditors from HUD, Treasury Department and Financial services to align mitigation plans and internal controls to recorded findings.

## Services Data

as submitted for the Accountability Report by:

L320 - Housing, Finance & DEV Authority

Description of Service	Description of Direct Customer	Customer Name	Others Impacted by Service	Division or major organizational unit providing the service.	Description of division or major organizational unit providing the service.	Primary negative impact if service not provided.	Changes made to services during FY2023	Summary of changes to services
Mortgage Financing (Single-family)	Low- and moderate-income homebuyers	First time homebuyers throughout South Carolina	Participating lender partners, real estate professionals and potential homebuyers	Homebuyer Program	The Homebuyer Program is financed with tax-exempt mortgage revenue bonds, which SC Housing issues under federal requirements to attract low-cost capital. These loans may be insured by the Federal Housing Administration, or guaranteed by the U.S. Department of Agriculture, the Veterans Administration, or Private Mortgage Insurance companies on conventional mortgage loans.	The benefit of homeownership would be further limited for low-to-moderate income borrowers throughout the state. The program benefits borrowers including minorities in need of down payment assistance and stable fixed rate mortgage loans.	No Change	
Market Rate Mortgage Program	Low- and moderate-income homebuyers	First time and move-up homebuyers throughout South Carolina	Participating lender partners, real estate professionals and potential homebuyers	Palmetto Home Advantage	Palmetto Home Advantage (PHA) loans are self-financed by the authority via securities transactions, which removes some of the restrictions that govern traditional SC Housing lending. Homebuyers may borrow up to 97 percent of the home's value, and can remove their mortgage insurance payments once the homeowner has 18 percent equity, down from the standard 20 percent.	The benefit of homeownership would be further limited for moderate income borrowers especially in higher cost areas of the state.	No Change	
Market Rate Mortgage Program	Low- and moderate-income homebuyers	First time and move-up homebuyers throughout South Carolina	Participating lender partners, real estate professionals and potential homebuyers	Mortgage Credit Certificates	Mortgage Credit Certificates (MCCs) allow homebuyers to convert part of their home interest deduction to a refundable tax credit worth up to \$2,000, providing a substantial financial incentive to homeownership. MCCs can be obtained independently of an SC Housing loan or in conjunction with a PHA loan.	The MCC option is a valuable benefit to a first time homebuyer. The benefit can help a homebuyer qualify for a mortgage or in some cases qualify for a larger home.	No Change	
Tax Credits; Mortgage Financing (multifamily)	Low-income renter households	Residents of affordable rental housing programs	Developers, Municipalities, Counties	Low Income Housing Tax Credit	The nation's largest source of funding for affordable housing, which helps build or preserve thousands of units in South Carolina every year, provides financial incentives for building or preserving rent-restricted rental homes for households making no more than 60 percent of area median income. It comes in two flavors: the so-called "9 percent" credit, which is awarded on a competitive basis once per year and is designed to cover about 70 percent of construction costs, and the "4 percent" credit, which is designed to cover 30 percent of construction costs and is typically paired with tax-exempt bond financing to cover much of the remainder.	Decreasing stock of affordable rental housing relative to need over time	No Change	
Mortgage Financing (single and multifamily)	Low-income renter households	Residents of affordable rental housing programs	Developers, Municipalities, Counties	Small Rental Development Program	Created by SC Housing in 2018, the Small Rental Development Program combines financing from the South Carolina Housing Trust Fund, National Housing Trust Fund, and HOME Investment Partnerships Program to fund affordable rental properties too small to be financially viable using Low-Income Housing Tax Credits.	Decreasing stock of affordable rental housing relative to need over time	No Change	
Program Administration	Very low-income homeowners	Owners of housing in need of repair	Developers, Municipalities, Counties	Home Repair Program	The Home Repair Program helps very low-income homeowners by providing grants using South Carolina Housing Trust Fund dollars to local non-profit organizations to provide essential housing needs, such as replacing roofs and air conditioners or installing ramps for residents with mobility impairments.	Degradation of existing housing stock; loss of homeowner value; increased life safety and quality of life concerns	No Change	

Description of Service	Description of Direct Customer	Customer Name	Others Impacted by Service	Division or major organizational unit providing the service.	Description of division or major organizational unit providing the service.	Primary negative impact if service not provided.	Changes made to services during FY2023	Summary of changes to services
Program Administration	Low-income renter households	Residents of affordable rental housing programs	Owners/agents, property managers	Program Compliance	Program Compliance is tasked with ensuring that the properties that received funding from the Development Division meet applicable laws and rules applied by federal and state authorities. This work consists primarily of on-site inspections to ensure the property meets health and safety standards and reviews of the property managers' files to validate that the proper rents have been charged and the tenants are income-eligible to live in their homes, among other regulatory requirements.	Substandard housing and utilization of available affordable rental housing by ineligible households	No Change	
Administration of HUD Rental Assistance Program.	Low-income renter households	Housing Choice Voucher Program participants	Property owners, landlords and management agents	Housing Choice Voucher Program	SC Housing oversees the Housing Choice Voucher (HCV) program in the seven counties that do not have a local participating public housing authority: Clarendon, Colleton, Dorchester, Fairfield, Kershaw, Lee, and Lexington. This is a federal program operated by the Department of Housing and Urban Development that provides rental assistance to eligible households, covering the gap between the rent charged by a private property owner and 30 percent of their income, ensuring that the tenant does not experience housing cost burden.	Absence of subsidized safe, decent and affordable housing opportunities for targeted populations.	No Change	
Administration of HUD subsidy contract for Project-Based rental properties.	Low-income renter households	Contracted Project-Based Rental Assistance property owners, management agents and tenants.	Certain target populations in need of rental assistance.	Project-Based Contract Administration	SC Housing monitors a portfolio of hundreds of Section 8 rental properties across the state on behalf of the U.S. Department of Housing and Urban Development (HUD) via Project-Based Contract Administration. HUD provides SC Housing with funds to review and approve monthly assistance payments, conduct management and occupancy reviews to ensure compliance with federal law, serve as an ombudsman for tenant concerns, and oversee subsidy contracts with property owners.	Project-Based Rental Assistance properties may become financially and physically troubled due to lack of oversight, causing the assets to no longer be available to target populations and creating further shortages in safe, decent and affordable housing.	No Change
