SC Housing Recognizes Fair Housing Month 50th Anniversary of the Civil Rights Act of 1968

[Columbia, SC] -In observance of April as Fair Housing Month, the South Carolina State Housing Finance and Development Authority (SC Housing) endorsed a proclamation observing the 50th anniversary of the memorable landmark legislation that established a national policy of Fair Housing. The signing of this proclamation commemorates the enactment of Title VIII of the Civil Rights Act of 1968.

This legislation has helped open the doors of opportunity for countless Americans in achieving the American Dream of safe, decent and affordable housing. The Fair Housing Act, recognized as an indispensable tool in stamping out housing discrimination, also protects those who may become victims of the unscrupulous lending practices of predatory lenders.

SC Housing recognizes the importance of the Fair Housing Act as it works toward increasing quality affordable housing stock across the state. “Fair Housing Month gives us the opportunity to reaffirm our commitment that ensures our citizens have equal access to affordable housing and places special emphasis on increasing homeownership opportunities for the citizens of South Carolina,” said Interim Executive Director Robert Wilson.

Affordable housing also makes good economic sense for SC. The Moore School of Business recently determined that SC Housing programs delivered \$793 million in total economic impact to the state’s economy (in Fiscal Year 2017) and supported 5,336 jobs. For every \$100 SC Housing invested in affordable housing, the state realizes \$177 in economic benefit.
